

Kineticist

Kineticists are conduits of raw elemental power. They shape the forces of air, earth, fire, water, shadow, radiance, or nature into devastating blasts and impulses, paying for their might with their own vitality.

Class Features

As a kineticist, you gain the following class features.

Hit Points

Hit Dice: 1d8 per kineticist level

Hit Points at 1st Level: 8 + your Constitution modifier

Hit Points at Higher Levels: 1d8 (or 5) + your Constitution modifier per kineticist level after 1st

Proficiencies

Armor: Light armor

Weapons: Simple weapons

Tools: —

Saving Throws: Constitution, Intelligence

Skills: Choose three from Acrobatics, Arcana, Athletics, Nature, Perception, Stealth, Survival

Equipment

You start with the following equipment, in addition to the equipment granted by your background:

- (a) leather armor or (b) explorer's clothing
- (a) a light mace, (b) a quarterstaff, or (c) 10 darts
- An explorer's pack
- 10 gp

The Kineticist

Level	Proficiency Bonus	Features	Gate Expansions
1st	+2	Subclass Choice, Elemental Gate, Kinetic Blast, Elementalism, Unarmored Defense	—
2nd	+2	Wild Talents, Burn, Burn Reduction (Channeling)	—
3rd	+2	Gate Expansion, Subclass Feature	1
4th	+2	Ability Score Improvement	—
5th	+3	Kinetic Surge	—
6th	+3	Kinetic Transcendence, Kinetic Durability	—
7th	+3	Gate Expansion, Empower Infusion, Subclass Feature	2
8th	+3	Ability Score Improvement	—
9th	+4	Kinetic Momentum	—
10th	+4	Gate Expansion, Quicken Infusion, Subclass Feature	3
11th	+4	Overcharge	—
12th	+4	Ability Score Improvement	—
13th	+5	Elemental Overflow	—
14th	+5	Internal Buffer	—
15th	+5	Gate Expansion, Subclass Feature	4
16th	+5	Ability Score Improvement	—
17th	+6	Composite Mastery	—
18th	+6	Kinetic Apotheosis	—
19th	+6	Ability Score Improvement	—
20th	+6	True Gate	—

Subclass Choice

1st-level kineticist feature

Choose one subclass: **Shadow Weaver**, **Light Bearer**, or **Nature's Wrath**. Your subclass adds its associated element to the list of options for your Elemental Gate and grants features at 3rd, 7th, 10th, and

15th level.

Elemental Gate

1st-level kineticist feature

Choose one primary element from the following list (limited by your subclass choice):

- **Air**
- **Stone**
- **Fire**
- **Water**
- **Shadow** (Shadow Weaver only)
- **Radiant** (Light Bearer only)
- **Nature** (Nature's Wrath only)

This choice is permanent.

Kinetic Blast

1st-level kineticist feature

As an action, make a ranged kinetic impulse attack (range 60 ft.) or melee (reach 5 ft.). One hand must be free.

Attack roll: proficiency bonus + Constitution modifier

Damage: Roll a number of dice equal to **1 + the total number of Deepen Mastery choices you have made** (across all elements) + your Constitution modifier.

Damage type: Choose one type from any element you have access to (see list below).

- **Air:** lightning or slashing
- **Stone:** bludgeoning or piercing
- **Fire:** piercing or fire
- **Water:** cold or bludgeoning

Your attack roll modifier is your proficiency bonus + Constitution modifier. Your save DC (if any) is 8 + proficiency bonus + Constitution modifier.

When you use kinetic blast, harmless motes of your primary element swirl around you in a 10-foot radius.

The damage die for kinetic blast increases only when you choose **Deepen Mastery** for the same element multiple times: 1d6 → 1d8 → 1d10 → 1d12.

Elementalism

1st-level kineticist feature

You can cast the *elementalism* cantrip without needing to provide somatic components (you must still have at least one hand free).

Unarmored Defense

1st-level kineticist feature

While you are wearing no armor and not wielding a shield, your AC equals 10 + your Dexterity modifier + your Constitution modifier.

Wild Talents

2nd-level kineticist feature

You can channel additional effects into your kinetic blast (and later other impulses) by accepting **burn**.

Wild talents allow you to add powerful effects by accepting one or more points of burn. The effects and burn costs are listed in the Wild Talents Checklist (to be added to your document).

Burn

2nd-level kineticist feature

You can accept a number of burn points on a single attack up to the higher of your Constitution modifier or your proficiency bonus.

Each point of burn you accept reduces your **maximum hit points** by 1. This reduction lasts until you finish a long rest, at which point your maximum hit points return to normal and all sacrificed hit points are restored.

Burn Reduction (Channeling)

2nd-level kineticist feature

Before or as part of using kinetic blast, you can channel to reduce the total burn cost of that attack. Once per turn, choose one option:

- Use your bonus action → reduce the total burn cost by 1
- Use your bonus action and reduce your speed to 0 until the start of your next turn → reduce by 2
- Use your action (instead of attacking), your bonus action, and reduce your speed to 0 until the start of your next turn → reduce by 3

You cannot reduce the cost below 0.

Gate Expansion

3rd-level, 7th-level, 10th-level and 15th-level kineticist feature

Choose one of the following options (the choice is permanent for this expansion):

Deepen Mastery. Choose one element you have access to (primary or via Elemental Reach). Your kinetic blast damage die for that element increases by one step (1d6 → 1d8 → 1d10 → 1d12). You also gain a stacking benefit based on that element (see subclass or element descriptions).

Elemental Reach. Gain access to one additional element (any of the seven). Your kinetic blast can use damage types from either element, and you immediately learn one wild talent exclusive to the new

element.

Kinetic Surge

5th-level kineticist feature

When you take the Attack action on your turn, you can make two kinetic blasts instead of one.

Kinetic Transcendence

6th-level kineticist feature

Your kinetic blast and any damaging uses of the *elementalism* cantrip are considered magical for the purpose of overcoming resistance and immunity.

Kinetic Durability

6th-level kineticist feature

Whenever you accept at least 1 point of burn as part of an attack, you gain temporary hit points equal to your Constitution modifier. These temporary hit points last until the start of your next turn.

Empower Infusion

7th-level kineticist feature

Once on each of your turns when you use kinetic blast, you can empower it for free: roll the damage dice twice and use the higher result, and add a bonus to the attack roll (+1, increased to +2 at 11th level and +3 at 17th level).

You can recharge this free use by accepting 2 points of burn (no action required).

Kinetic Momentum

9th-level kineticist feature

Whenever you accept at least 1 point of burn as part of an attack, choose one benefit that lasts until the end of your turn:

- Your speed increases by 10 feet.
- Your jump distance is tripled, and you do not need a running start for long jumps.
- You can move through the space of one hostile creature without provoking opportunity attacks.

Quicken Infusion

10th-level kineticist feature

Once on each of your turns, you can use kinetic blast as a bonus action. When you do so, the blast deals half damage.

You can recharge this free use by accepting 1 point of burn (no action required).

Overcharge

11th-level kineticist feature

When you use kinetic blast, you can overcharge it: the attack roll has advantage, the damage is maximized, and you can apply one additional wild talent with no burn cost.

After using overcharge, you cannot apply any wild talents to your kinetic blast on your next turn.

Elemental Overflow

13th-level kineticist feature

While you have any points of burn accepted, you gain the following benefits based on your total burn:

- **3 or more burn:** +1 bonus to attack rolls and +2 bonus to damage rolls with kinetic blast and impulses.
- **5 or more burn:** +2 bonus to attack rolls and +4 bonus to damage rolls; +2 bonus to AC and saving throws.
- **7 or more burn:** +3 bonus to attack rolls and +6 bonus to damage rolls; resistance to one damage type associated with your element(s).

Internal Buffer

14th-level kineticist feature

As a bonus action, you can accept 1 point of burn to gain 1 buffer point (maximum 3 buffer points).

When you would accept burn on an impulse, you can spend buffer points to avoid accepting that many points of burn (maximum 1 buffer point per impulse).

Once per short rest, you regain 1 buffer point with no burn cost (no action required).

Composite Mastery

17th-level kineticist feature

The total burn cost of any wild talent or combination of wild talents on a single attack is reduced by 1 (minimum 0).

Your maximum burn points per attack increases by 1.

Once per long rest, when you use an attack, you can ignore 1 point of burn cost entirely.

Kinetic Apotheosis

18th-level kineticist feature

As a bonus action, you can accept 3 points of burn to enter a state of apotheosis for 1 minute (once per long rest). While in apotheosis:

- All your kinetic blasts are automatically empowered and quickened.
- You gain resistance to all damage types associated with your element(s).
- You can use overcharge once with no backlash (no restriction on next turn).

True Gate

20th-level kineticist feature

You gain the following permanent benefits:

- Resistance to all damage types associated with your element(s) at all times.
- Your maximum burn points per attack increases by 2.
- Once per long rest, when you use overcharge, it has no burn cost for the free extra wild talent(s), no backlash, and you may apply **two** additional wild talents for free during that single attack.
